To build a successful career in the challenging environment where I can add value to the organization and enhance my ability, inherent skills and provide a fulfilling professional experience.

SUMMARY

- Ambitious to kick start the career with globally recognized organization which gives me global exposure to enhance skills and knowledge for mutual benefits of the organization.

EDUCATION

2018-2022

- **GITAM**
B-tech
8.2(till date)

2016-2018

- **Aditya Junior College**
INTERMEDIATE
87%

2015-2016

- **Ravindra Bharathi School**
SSC
9.3

SKILLS

- Programming languages : Java, C, C++,Python
- Web Technologies: HTML, JavaScript, CSS
- Database management : MYSQL,Oracle

PROJECTS

- **Railway reseravation system**

The Railway Reservation System is facilitates the passengers to enquire about the trains available on the basis of source and destination, booking and cancellation of tickets, enquire about the status of the booked ticket, etc. The aim of case study is to design and develop a database maintaining the records of different trains, train status, and passengers.

- **Blood Bank Management System**

The Blood bank management system is a python-based project. We have developed a Blood bank management system using Tkinter module for front-end and MySQL for back-end development. Blood bank management system is a GUI based system that can assist the information of blood bags during its handling in the blood bank. With this system, the user of this system can key in the result of a blood test that has been conducted on each of the blood bags received by the blood bank.

- **Password Manager**

This password Manager, deals with the general problem and sorting it in a more technical way and thus providing a way of generalizing the complex idea.

The main problem dealt with the citizens while going through online booking system is the interface which is much more hindered by the unnecessary advertisements., hence its more appropriate to build something which incorporates the data appropriately and thus not restricting the user to have a clear image of the activity.

CERTIFICATIONS AND TRAININGS

- Certified in C, C++,JAVA from Logic mind cyber-ops
- Certified in JavaSE from Srikanth Technologies
- Certified in Python from Srikanth Technologies
- Certified in Database Management essentials
- Certified in Programming with C
- Certified in Software development and Methodologies

ONGOING CERTIFICATIONS AND TRAININGS

- Appiled AI and Machine learning course from appliedaicourse.com
- Machine learning
- Oracle Database for beginners
- German language A1

INTERESTS

- Reading books

- Playing guitar
- Dance
- Participating in cultural activities
- Painting

LANGUAGE

- English
- Hindi
- Telugu

ACTIVITIES

- Participated in social activities like Nss Volunteering

ACHIEVEMENTS AND REWARDS

Certified upto praveena poorvardhab by Dakshina Bharat Hindi Prachar Sabha, Madras.

Received many achievements in painting competitions.

City first in Srinivasa Ramanjuna talent test.
